GTR COMMODITIES

2021 GENEVA

GTR Commodities returns to Geneva for a one day event in October, 2021.

GTR Commodities, the premier gathering for the global commodity financing sector, will return to Geneva on October 26, 2021. Welcoming a host of commodity traders, financiers, innovators and policymakers, the event will once again provide an unrivalled forum for networking and discussion on key issues impacting on what has been a turbulent time for the commodities market, and commodity financing in particular. Don't miss your chance to connect with experts and reflect on key themes including financing trends, new approaches to risk, specific sector profiles, sustainability and the role of technology.

“Brilliant way to stay in touch with the events and the bright minds around the globe from your own sofa. Thanks to the GTR Team for building up a great platform to communicate, discuss, listen and analyse.”
