GTR MENA 2022 DUBAI

GTR MENA 2022 returned to Dubai on February 15-16, 2022 for an exclusive two-day physical gathering. The event included an extensive programme, full exhibition and that much missed opportunity for participants to network and connect with key experts, industry peers and potential clients.

For nearly 20 years GTR MENA has covered critical market insight and provided excellent networking opportunities with leading experts from the region. This in-person gathering delivered a highly anticipated opportunity to connect with the key players and access to a full spectrum of companies involved in trade and exports in this exciting region.

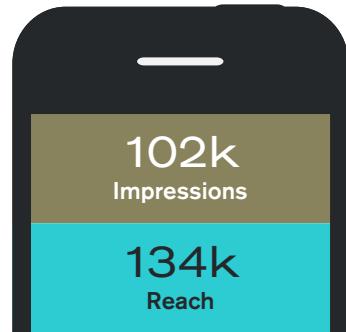

Experts dived into the most prominent discussion topics including the impact of Expo 2020 on efforts to achieve economic diversification, digitisation drives and their impact on the wider ecosystem, changes in supply chains and logistics, ESG as an emerging priority as well as how corporates are future-proofing their trade business in uncertain times.

We look forward to seeing you again in Dubai next year!
